## Becoming a Juice Plus+ Partner

### 1 How do I become a Juice Plus+ Partner?

You can learn more about becoming a Partner under Join on our Juice Plus+ website. Just fill out and submit your Juice Plus+ Partner Application under Join Now.

### 2 Can anyone become a Juice Plus+ Partner?

Yes. We invite and pay consumers of our Juice Plus+ products to share them with other consumers through a unique combination of direct sales and e-commerce.

### 3 Does it cost anything to become a Juice Plus+ Partner?

We only require a \$52 annual Partner fee.

### 4 Do I need to have sales experience to become a Juice Plus+ Partner?

No. You do not have to be a salesperson to earn extra money with Juice Plus+. In fact, most Juice Plus+ Partners have zero sales experience. Inspiring healthy living in others is not about selling but about sharing healthy products and simple health advice that everyone can benefit from. All you need is a passion for helping others. In fact, our Partners usually start by sharing the benefits of good nutrition and Juice Plus+ with their friends and family.

All of the information and support you need as a Partner to educate others is at your fingertips. The best part is Juice Plus+ is here to help you from the very beginning, every step of the way. And you'll have a community of fellow Partners – that includes many health professionals – to help you, too.

### 5 Do I have to be good at social media?

No. The extent to which you use social media is entirely up to you. But it is a great way to connect with people you already know and meet new people too – especially people who live outside your local area. Many of our Partners have made a lot of great friends and connected with many new customers and Partners through social media.

For those who are interested, we have tools and guidance on how to use social media to connect effectively with more people. (Again, we're sharing not selling.) Our tools will teach you how to use various social media effectively and help you get started.

We offer a detailed Earnings Summary that shows exactly how much money our US Partners earned on average in 2022. Like anything else, the more time you invest, and the more you learn, the more money you can make.

### 8 How much time does it take?

That's entirely up to you! With Juice Plus+, you control the yarn and needles as you weave being a Juice Plus+ Partner into the fabric of your life. There's no fixed schedule or timesheet to fill out. Work when you want from where you want. Of course, as with most any endeavor, the more you work, the more you can earn.

## Can I share Juice Plus+ with people in other countries? **9**

Yes. You can acquire Juice Plus+ customers and Partners in almost any country in which Juice Plus+ is sold, though most of our Partners stay much closer to home. But if you have a friend or family member in another country where Juice Plus+ is sold, you can share our products and connect with them seamlessly.

## Is Juice Plus+ available in stores? **10**

No. Juice Plus+ is sold only through independent Juice Plus+ Partners and online at our JuicePlus.com website. We know that people prefer to buy products from people they know and trust. They also find it helpful to have a real person to reach out to with product questions or to provide guidance in helping achieve their broader health goals.

We never compete with our Partners. All orders placed directly through the website are credited back to a Partner.

## Is Juice Plus+ an MLM?

## Is Juice Plus+ an MLM? **11**

MLM's primary focus is on "recruiting" other people to sell their products. Juice Plus+ is a customer-driven company focused on sharing nutritional products that can improve the health of others. We do offer the opportunity for our Partners to earn extra income by adding other people they know to create a Juice Plus+ team. But we also offer a "customer only" track for those Partners who prefer to just share Juice Plus+ products with others and not build a team.

## Do I have to recruit team members? **12**

Absolutely not. Again, Juice Plus+ is a customer-driven company. With Juice Plus+, you never earn money for simply "recruiting" other people to join. The primary focus of our Partners is to share our products and inspire healthy living in others. You can share with just a few people, build a customer base or add team members – the choice is up to you.

## Do I have to purchase inventory? **13**

No. The only products you ever buy are those you and your family use. We ship directly to your customers and collect payment directly from them.

## Do I have to "sell" or purchase something every month? **14**

No. Juice Plus+ pays our Partners on every purchase made by you or your customers, whenever they occur.

## Do I have to host events? **15**

Of course not. Events are great because they highlight our community in such a special way. But most of our Partners do not host events.
